What will your interview process be?
面试流程是怎样的？

Your initial screen will consist of a 45-minute discussion with an engineering leader and will cover the breadth of your technical expertise and provide insight into domain specificity. This will be a conversation in which your interviewer will ask you questions that will allow you to drive the conversation.

初轮筛选面试是一次与工程团队负责人的 45 分钟交流，将涵盖你技术专长的广度，并深入了解你在具体领域的专业能力。面试官会通过提问，让你有机会主导和展开讨论。

During this conversation, we know you’re also trying to determine whether Meta is right for you and is this the right next step in your career. Video Conference interview best practices

视频面试建议

- Make sure you're in a quiet environment.
- Double check that you have a reliable internet/phone connection.
- It's okay to ask the person you're speaking with to speak slowly if you can't catch what they're saying.

- 确保自己处于安静的环境中。
- 再次检查网络或电话连接是否稳定可靠。
- 如果听不清对方说的话，可以请对方放慢语速。

You'll need a laptop with a webcam, speaker, and mic. We recommend using a headset or headphones with a mic for better quality audio, but this is optional.

你需要一台配有摄像头、扬声器和麦克风的笔记本电脑。为获得更好的音频效果，建议使用带麦克风的耳机，但这不是硬性要求。

While we embrace the usage of advanced tooling in our day-to-day work to build the future of social connection, we ask that you not use any unauthorized outside assistance during interviews. Throughout the interview process you may be asked to share your screen via Zoom. Here you can find guidance on how this works. Additionally, we ask that you disable and not use filters during your interview. This will help us get an understanding of how you approach problem-solving and coding independently. Outside assistance includes, but is not limited to, consulting external resources, seeing help from others, or using AI tools, like ChatGPT.

虽然我们在日常工作中积极使用先进工具，打造社交连接的未来，但面试期间请勿使用任何未经授权的外部帮助。面试过程中，你可能需要通过 Zoom 共享屏幕，可参考相应操作指南。此外，请关闭滤镜，并在面试期间保持关闭。这有助于我们了解你独立解决问题和编写代码的方式。外部帮助包括但不限于：查阅外部资料、寻求他人帮助，以及使用 ChatGPT 等 AI 工具。

For your interview, ensure Zoom screen sharing is enabled in advance, as setup may require a few minutes. Here's how: Enable Zoom screen share.

请在面试前确认 Zoom 屏幕共享功能已启用，因为设置可能需要几分钟。操作方法见“启用 Zoom 屏幕共享”链接。

A filter is considered any tool/feature that applies visual effects to your video feed, including virtual/blurred background.

“滤镜”指对视频画面添加视觉效果的任何工具或功能，包括虚拟背景和背景模糊。

Interview Dress Code

面试着装

As you're probably aware, we promote a casual environment at Meta so that everyone can be their authentic selves. Formal dress is not required (jeans are definitely ok!). Dress comfortably. We care about what you can do, not what you wear.

你可能已经知道，Meta 提倡轻松随意的工作环境，让每个人都能展现真实的自己。面试不要求正装，穿牛仔裤完全没问题！穿着舒适即可。我们关注的是你的能力，而不是你的穿着。

What do we look for?

我们看重什么？

Your interviewer will be thinking about how your skills and experience might help Meta. During your initial screen, your interviewer will seek to understand your skills by assessing three focus areas:

面试官会思考，你的技能与经验可以如何帮助 Meta。初轮筛选面试将围绕以下三个方面了解你的能力：

Scalability and Scope: How do you design impactful solutions that account for scale, efficiency and XFN needs? How do you define requirements, identify, and mitigate potential risks?

可扩展性与项目范围：你如何设计有影响力的解决方案，同时兼顾规模、效率与跨职能需求？你如何定义需求、识别潜在风险并降低风险？

XFN Collaboration: How do you form collaborative partnerships with a wide range of stakeholders and manage challenging relationships? How do you work through differences and drive solutions that address issues while considering others' perspectives, needs, and goals?

跨职能协作：你如何与不同的利益相关方建立合作伙伴关系，并处理具有挑战性的合作关系？你如何化解分歧，在考虑他人的观点、需求和目标的同时，推动能够解决问题的方案？

Additionally, your interviewer will take time to understand your unique background, expertise, interests, and career goals. They will also provide insights into the benefits of an engineering career at Meta in terms of potential career growth and opportunities to influence critical project work.

此外，面试官会花时间了解你独特的背景、专业能力、兴趣和职业目标，并介绍在 Meta 从事工程相关工作的优势，包括潜在的职业成长空间，以及参与并影响关键项目的机会。

Final tips for your interview

面试前的最后建议

Be yourself. This means being open and honest about your successes and ways you've improved throughout your career. Also, be sure to call out how you have specifically added value to your team or projects you've contributed to. We value teamwork and what each individual member brings to the table.

做真实的自己。坦诚分享职业生涯中的成就，以及你在哪些方面有所成长。同时，明确说明你具体为团队或参与的项目创造了什么价值。我们重视团队合作，也重视每位成员的独特贡献。

Carefully review and familiarize yourself with the job description and perform research on Meta and the role. Be prepared to answer why you are interested in this specific role and in working at Meta.

These values influence how we work together to fulfill our mission to build the future of human connection and the technology that makes it possible. We also encourage you to take time using our technologies such as Facebook, Instagram, Messenger, and WhatsApp.

One important piece of advice for your interviews: it's ok if you don't know! No one who works at Meta is an expert in all things, and we don't look for perfection in the people we interview. If you aren't sure of something during your interview, you're encouraged to ask clarifying questions and be upfront if there are topics that you have less experience with.

一条重要的面试建议：不知道也没关系！Meta 没有人精通所有事情，我们也不会要求候选人完美无缺。如果面试中遇到不确定的内容，可以提出澄清问题；对于经验较少的领域，也请坦诚说明。

Prepare thoughtful questions for the interviewer(s). Your interviewer may challenge your ideas, and you should be ready to speak not only to what you recommend or have experienced but the why as well. It is important to think outside the box and to approach problems from creative and different perspectives.

准备有深度的问题。面试官可能会挑战你的观点，因此你不仅要能说明自己的建议或经历，也要解释背后的原因。跳出惯常思路，从有创造性和不同的角度分析问题十分重要。
